1 chili pepper
1 red bell pepper
200 g heavy cream
80 g grated Parmesan
1 ladle of pasta water
Salt and pepper
basil
olive oil

Step 1: The Preparation

Finely dice the onion, garlic, and chili pepper; chop the bell pepper into small pieces. Remove the casing from the salsiccia and cut it into pieces. Cook the pasta al dente according to the package directions and reserve a ladleful of the pasta water.

Step 2: How to Prepare Salsiccia and Vegetables

Heat a little olive oil in a large skillet and sauté the salsiccia for 2–3 minutes, then remove it. In the same oil, sauté the onion and garlic until translucent, then add the tomato paste, chili, and paprika and sauté briefly.

Step 3: Prepare the sauce

Deglaze with cream and the finely chopped tomato pulp, then let the sauce simmer for 2–3 minutes.

Step 4: The Finale

Add the sausage, Parmesan, pasta water, and cooked pasta to the pan. Mix everything well, let it simmer briefly, and season with salt and pepper to taste. Sprinkle with chopped basil and serve.
